

## EARTH DAY

Earth day was celebrated with austerity by the Daisians. To teach the little Daisians to care and preserve the earth, many awareness activities were scheduled for the day. They attended a talk on importance on preserving the water and how important it is that we limit its use treating it as a precious commodity.

They were told how planting the trees help in preserving the natural resources of the earth.

Following activities were done in the respective classes. Like tearing and pasting, vegetable printing, thumb printing, scenery making, collage making.
